[Adobe Acrobat (PDF) File; 128 kb]

Making the Grade on Women's Health: A National and State-by-State Report C National Women's Law Center
The 2001 Report Card sends three strong messages. First, significant action is neec overall picture for womenís health. Second, that, over the last year, even given the s issue, states have made some notable inroads on responding to the challenge of im womenís health. And third, that, despite the progress made, for many women little h example, only four states showed any progress in reducing the number of uninsurec
[Adobe Acrobat (PDF) File; 207 kb]

Key Health Disparities by Race, Ethnicity, Sexual Orientation and Disability Cr Women's Law Center
This chapter supplements the Report Card data with information from other, albeit s inconsistent, sources. By highlighting some additional health information for women age, sexual orientation and disability, the Report Card provides a better look - althou look - at the significant health disparities faced by American women today.
[Adobe Acrobat (PDF) File; 185 kb]

Domestic Violence among the Gay, Lesbian, Bisexual and Transgender Comm National Coalition Against Domestic Violence
There were 5,046 reported incidents of domestic violence affecting LGBT individuals substantial increase (+25%) over the 4,048 cases reported in the same regions thro and additional statistics are provided in this summary.
[Microsoft Word File; 55.5 kb]
